

**PRIVATE CHARTER**

### **MARITIME HERITAGE TOUR**

New England's affinity for the sea can be seen in her fishing, trade and yachting heritage. Explore the places where tall ships still ply the waters and lobster is served fresh off the boat. Tour Boston Harbor and visit the U.S.S. Constitution, travel south for a tour of Plymouth Plantation and a replica of the Mayflower, or head north and visit Marblehead, the Birthplace of the U.S. Navy, and Salem, home to the famed Peabody Essex Museum. Whatever your schedule and interests, we can customize a private tour for you.
