

FLAGSHIP ADVENTURES

RIB SPECIFICATIONS

RIBCRAFT 7.8M OFFSHORE

Flagship Adventures fleet is comprised of high-performance professional grade RIBs built in 2008 by our manufacturing partner, RIBCRAFT, in Marblehead, Massachusetts.

Each RIB is capable of carrying six passengers plus skipper and crew at over 40 knots. With the highest construction standards and all weather performance in mind, the Ribcraft 7.8m (26 foot) deep V hull and latest marine technology provides reliable, safe and smooth ride at any speed.
